“ I'm at a loss for words and for me that's amazing. Harley, you stole my heart, when I was alone you were there to make me smile, you brought back the laughter. You are one if the greatest people I have ever met in my life. You have brought love, joy, and sunshine in so many peoples lives. Me personally will miss you everyday until we meet again. Then, I'll make you breakfast and you can bring Mrs Butterworth. I love you Harley, there nothing else to say.... My thought and prayers are with your family, their loss if tremendous...

“ Once in a lifetime, you come across a person who is genuine and cares about you more than you could ever imagine. A person who would do anything within his power to help you, even if it put him out. That person was Harley. A diamond in the rough. Everyone who had the great pleasure to have known him was truly blessed. You were loved in life, cherished as a friend, and will always be remembered as the life of the party. We will meet you again in heaven, and the party will never end. Thank you for being the better part of us all. Condolences to all friends and family.

“ Harley was possibly one of the funniest and greatest guys I've ever known. Even if he was the worst driver ever. I will miss him incredibly and always remember his sense of humor and love for animals. Many condolences to his family.
